From: Lori Scheid-Gillespie, Accreditation Manager

Re: Revised Fee Schedule and Corrected Accreditation Manual

This Heads Up announces changes in two ANAB documents, our fees schedule and Accreditation Manual.

ANAB has revised FM 5011, Fee Schedule for Accreditation Programs for Management Systems Certification Bodies, which is posted on our website and is available through EQM. Two changes were made to the fee schedule:

- The annual fee for AS9100 has been increased to \$1,000. This will take effect 2012/01/01.
- ISO 50001 EnMS has been added as a base standard program.

The ANAB Accreditation Council approved a change to the ANAB Accreditation Manual (MA 6000). The definition of closure in the manual did not reflect our original intent and it has been corrected to read:

Closure (of a nonconformity) – Evidence of acceptable correction and corrective action, or an acceptable plan for correction and corrective action plus evidence the plan is being implemented.
